

# PROGRESS

PROMoting Geoscience Research, Education, and Success

Are you an undergraduate student who identifies as a woman and is interested in the earth and environmental sciences?

Participation begins with a one-day professional development workshop, where you will meet peers with similar interests, learn more about careers, and expand your network.

The 2024 workshop will be **Friday, November 8th 10:00 am - 4:30pm** in UMD's Atrium in the Stamp Student Union.

*Your professors are not involved in the research and your decision to participate will have no bearing on your course grade or credit. Your application to participate will be confidential.*

In Fall 2024, we are welcoming students from the following schools:

GEORGETOWN UNIVERSITY
