

CURE Entry – By 3 pm today

Please finish a **draft** of the following elements of your CURE entry:

- Title
- Image or institutional logo as the image for your entry
- Research goals and Student goals
- CURE design: this is where you will include strategies for structuring your CURE to maximize equity and indicate who the stakeholders are
- 1 set of objectives (or more) aligning student and research goals
- 1 example lesson or assignment for students (put in Instructional Materials section)
- 1 example assessment tool (e.g., rubric; put in Assessment section)
- Tags (i.e., keywords)

If you are finished with the above, work on drafting these sections:

- Abstract
- Context
- Instructional staffing (if more than one person is involved in instruction)
- Iteration
- Using CURE data
- Resources (e.g., papers related to the science research)
