

Name:

Lateral Reading Guiding Questions

1. Why is it important to make sure you read **accurate, credible** information about this topic?

Name of Source: [enter source name]

2. What is **at least** one **lateral source** you will use to check the credibility of the **source** you listed above?
 - Lateral source(s):
 - Why do you trust this source?

3. Use the table below to organize what you learn about the source from lateral reading. Everyone in your group should agree before you add something to the table!

Details about the source that make it more credible	Details about the source that make it less credible
Details about the source that we're not sure help or hurt its credibility	

4. Based on what you learned from the lateral sources, how credible did your group decide the **source** is?

1 (not credible)  10 (very credible)

Explain your group's rating:
